Route-Specific Color Examples:

Brandmark

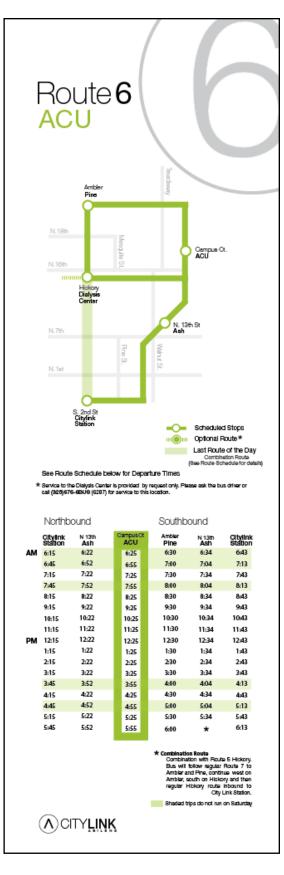

CityLink's primary brandmark color is orange. However, the brandmark can also function in black also. The pictorial mark can exist with or without the text and can also change colors when used with specific routes.

2 CITYLINK

Routes ABILENE N. Wills Radford Hills N. Mockingbird Hickory Westgate AGU South 14th Mall/Cooper Mall'S. Clack AFMC/CLC See Downtown Route Map Regate Stocks TD0 3355/76.68015 (327) TD0 3355/76.68015

Route Maps & Schedules

These are samples of some of the route signs and time schedules that would be placed in various CityLink bus stops.

CityLink's bus stops would be color-coordinated to their individual route and would also have their route number clearly displayed on the outside.

6 CITYLINK

Citylink's bus graphics consist of the brandmark and the pictorial element in various bright colors. Their placement would remain the same for every bus, however their colors would change.

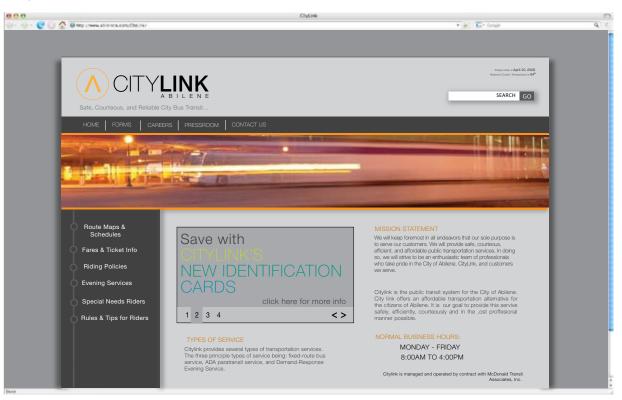

This is an example of a Citylink drivers required uniform.
