Dr. Sutherlin,

I wasn't going to do this, but I wanted to thank you for this semester! You have been **by far** my favorite professor at ACU. You were funny and kept me engaged throughout the entire semester. I loved this class and I looked forward to going! Thank you so much for making this subject fun and enjoyable. I'm sad it's over! You are such an amazing teacher and I hope that I am able to have an impact on my students like you have had on me. Have a wonderful summer!

Michie Johnson
