To the ACU Tenure and Promotion Committees,

It is my honor to offer this letter in support of Dr. Autumn Sutherlin's application for promotion to Full Professor. I have known Autumn since she joined ACU as a faculty member and have had the opportunity to work with her on several committees. Autumn is a champion of scholarship on our campus and a leader in conducting scholarship with undergraduates. She not only supports students, but works to provide support and encouragement to faculty members as they develop their own research programs.

Autumn and I have served on several committees together. Among others, we served on the Quality Enhancement Plan Innovation Committee, the Undergraduate Research Festival Planning Committee, and the Undergraduate Research Council together. I have found Autumn an effective leader who works with determination to accomplish the goals of the committee and to bring out the best of each member of the committee.

I know Autumn will continue to be a leader and vibrant member of the ACU community. I encourage you to promote her to Full Professor.

Sincerely,

Jennifer W. Shewmaker
