

## The Cry of Black Rage

Exploring the Anger  
of Frederick Douglass  
and Beyond  
in African American Literature

Steven T. Moore

This book examines the contrasting experiences of black rage that is exhibited in the writings of male and female African American authors. It boldly captures the compelling theme of the white silence and the black rage that battled each other from the early days of slavery up to the pre-Civil Rights Movement.

### About the Author

Dr. Steven T. Moore received his Ph.D. in English from the University of Nebraska. Winner of three Teacher-of-the-Year awards, he currently teaches undergraduate, graduate, and honors courses at Abilene Christian University. He writes extensively and lectures on the subject of black rage in African American literature, slam poetry, and the significance of pop cultural icons such as Michael Jackson. *The Cry of Black Rage* is available to purchase at Barnes and Noble stores as well as Amazon.com.
