Course Number: PSYC 648 Degree Plan(s):

A title change and new course description is proposed for this course, (a) to reflect the actual content of the course more accurately and (b) to satisfy licensure requirements for Licensed Professional Counselors in the state of Texas. Renaming the course will also allow the department to be in compliance with licensure requirements while at the same time eliminating excessive course overlap with PSYC 665 which will no longer be offered.

New Name: Psychotherapy: Theories and Applications

New Term: SPRING

New Catalog Description: Overview of major theories and models of counseling and psychotherapy. Demonstration of ability to conceptualize clinical presentations from different theoretical perspectives and to select and deliver appropriate interventions for change. Application of theories provides skills-based practice in specific counseling skills throughout the course. Prerequisite: PSYC 610 admission to a graduate psychology program required.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
