

Summer TIME ENERGY SAVINGS

ENERGY PROGRAM SUMMER SHUTDOWN

ACU faculty & staff has put forth tremendous effort towards our goal of saving energy this school year. We offer our sincerest thanks for your continued support of the Energy Program!

Now it's time for a break!

Before you leave:

- Turn off all computers, monitors, speakers and printers
- Unplug all chargers, fans, coffee pots, candle warmers, radios, and other items that are plugged into an outlet and can be unplugged without damage
- Now is a great time to clean out your refrigerators. Once clean, unplug them and leave the door slightly ajar to prevent mildew.
- Close blinds and tilt slats upwards
- Last one out: Turn off the lights!

**Please contact your Energy Specialist
if you have any questions!**
