

ACU Summit 2016

Monday, September 19th

The Agricultural & Environmental Sciences Department along with Worldwide Witness will be hosting a FREE BBQ lunch during which time they will be sharing experiences from mission work they pursued this past summer.

Agribusiness majors from Azle, Texas, Bryson Jennings, will be sharing with us his experience in Swaziland, Africa during which time he spent 10 weeks this past summer working on permaculture gardens, water acquisition, community development and many other projects.

Dr. Larry Henderson will be sharing information about the WorldWide Witness Program. It provides students with practical mission experiences outside of the classroom. Under the guidance of effective, experienced missionaries, you will have the opportunity to develop ministry skills that will
