SUBJECT: Recommendation for Dr. John Homer

To: Whom It May Concern

1. I am pleased to provide a letter of support for Dr. John Homer. Seldom have I encountered professionals who are able to motivate, inspire, and encourage others while remaining fair, professional, and firm. Dr. Homer reflects and embodies these qualities as they are simply within his nature.

2. After working with Dr. Homer for two years, during my time as the Professional Development Manager for the College of Business Administration and the School of Information Technology and Computing (SITC), I had the pleasure of directly witnessing his leadership capabilities. Dr. Homer and I partnered together to create the first ever SITC Professional Development program. Together we developed class insertions, professional development workshops/lab sessions, and assignments to complement the academic development of students. His genuine interest and dedication to students was unmatched by any other faculty member.

3. Dr. Homer has consistently displayed the highest level of professionalism, dedication, and performance and has gained the respect of all his students, peers, and subordinates. It was and always will be an honor to work with and witness first-hand Dr. Homer's leadership. His commitment to excellence is breathtaking and it will be a great disappointment if he is not selected for this promotion.
