

Dr. Huddleston,

This has been an amazing summer.

Thank you for the opportunity to work with you.

I have learned so much, and I truly appreciate all the time you have invested in me this summer. From lab techniques and presentation preparation to the final draft of my paper, I am so grateful that I could ask you for help along the way.

This experience has shown me that there is no going back. I belong in the lab.

Your guidance and trust in me have given me confidence. Your optimism has taught me the excitement of lab work under variable conditions.

Thank you for making your passion evident.

Dr. Huddleston, I have enjoyed learning from you this summer. I look forward to continuing to learn from you in both the lab and the classroom.

I am so glad that you were willing to be my McNair mentor. I hope you enjoy the rest of your summer.

I will see you in the fall.

Kristen Clemons
