Dear Mr. Drachenburg,
and Students

I like when they mixed the carbondioxide
and hot water and it made a big cloud and
I like when they put the nails on the
person and Wolde put the nails on
the person and Wolde put the brick thing
on the buckets in the small back
and when the students lit the pickle
and all of those things are so cool.

Thank you, Piper

Dear Mr. Drachenberg, and student's.

I would like to thank you for coming to ACS.

It was good to have and come and teach us

Science. It was funny when he did magic and didn't

work. The explosion was so big that it got me!

And I also liked when he got onto a pile of nails

And that pickle it lit up that was amazing Wow!

I was just so proud of your student their

amazing so thank you so much.

Thank you,

Bearl Wick
