What did the instructor do that made the course effective? Be specific (for example: particular assignments, discussions, presentations, etc.).

Comments
Very organized lectures and great communication of course material. Great at answering specific issues we might have had.
I liked how in depth we got in class and that we discussed practical applications to some of the things we were learning.

What could the instructor do to improve the effectiveness of this course? Be specific.

Comments
I would like some more technical applications used for homeworks or perhaps some reading assignments.
I suppose one way the class could be improved would be the homework assignments. I enjoyed the hw since it was challenging and I learned a lot doing them but if we could sometimes go over some problems we all didn't understand in class would be beneficial for us all. I'm not saying do this every class period but just on problems we all really didn't quite get. Besides that, I think the class was great.

Do you have additional comments about your experience in this course?

Comments
Overall very good. I was worried about the course coming in but I though it was decently straightforward and well taught.
I enjoyed the class a lot and I learned so much from this course. I wish there were a second semester to it!
