Location: Baltimore, MD

Date: 27-30 October 2011

Brief Description of Meeting, Conference, or Organization: The **Southern Historical Association** was organized November 2, 1934. Its objectives are the promotion of interest and research in southern history, the collection and preservation of the South's historical records, and the encouragement of state and local historical societies in the South. As a secondary purpose the Association fosters the teaching and study of all areas of history in the South.

The European History Section was founded in 1955 to serve European historians, graduate students, and faculty in the South. Over the years, it has grown into a full-fledged associate of the Southern Historical Association, and it now attracts European historians, graduate students, faculty, independent researchers, and patrons of history in the entire United States and abroad. The European History Section is for everyone who is interested in the European past.

The European History Section of the Southern Historical Association is the oldest European History Association in the United States. It encourages the study of the history of Europe, particularly by historians in the South. It is the only professional association of Europeanists with a comparative, multi-disciplinary approach.
