

*Dear Dr. Elliott,*

*I just wanted to take a moment to thank you for some important things you did this semester. I want to thank you for being so available for all your students. I understand that you are a very busy individual, both at the university and at home, it really meant a lot to know you were available if I needed help. This semester was very complicated for me, do to my dad's illness, but you served as a wonderful Christian role model, and made the classroom environment very pleasant. I am blessed to be here at ACU, and feel so honored to have had you as a professor, and a cherished part of my life. Once again, thank you for everything you have done. I hope that your summer is filled with fun, safe, relaxing, and spiritually rewarding. I am excited to see you next year! All my blessings to you and your family!*

*Best Regards,*

*Lacy Rountree*

PS. I will email you about the completion of my final when I return to Abilene. I thank you for being able for ~~may~~ me to do the incomplete and finish the final in the fall/summer!

Blessings!
