Ok, I'm about ready to send you a copy of his chapters. Can we plan for a defense the week after finals?
Would that work for both of you?

Friday would be pushing it for me to get through the thesis in a thorough way, but possible. I would be able to do it the following Monday if that were a possibility for everyone.

Just a reminder - I have to have it defended on or before graduation (December 16) - in order to avoid paying any fees for the fall semester - or maybe we can talk to the grad school about it. Thanks.

Are we talking Friday Dec. 2? I am not available the following Friday the 9th, but would be available both Mondays--the 5th and 12th.

Ok friends. Looks like we are set for a defense on Monday, December 12, at 10:00 a.m. It will likely occur in the GST conference room but that is to be confirmed. I'll let you know soon.

Thanks.
