What did the teacher do that was effective? Be specific and name the actions that helped you as a learner (for example, particular assignments, discussions, presentations, etc.)

Used real life applications and encouraged students to think critically.

had daily quizzes

Dr. VHS was very enthusiastic and relatable when it came to sharing the word of God. He presented it in a new and fresh way.

Gave us points for turning in notes.

He taught well and kept the class interesting by showing his own knowledge and enthusiasm for the course. I was glad to have him as a teacher and if I took him again would probably do the class differently so I could get more out of the class than I did this semester.

He has a true passion for teaching this, and he shows it through his lectures.

Explaining the Bible in terms so that you are able to fully understand what the Bible is teaching.

Dr. Cha always gave all the information needed to help us understand the deep meaning behind each text.

He explained with personal examples and used great illustrations.

He was actively engaged in his teaching. Rather than feeling like I was sitting in a lecture with a professor, it felt more like a study session with a pastor.

Used powerpoints for relevant notes.

It is a challenge to pinpoint what made him an effective teacher, but I can say that of all teachers I have had in my life, not one of them would be able to take Dr. Cha's place for this course. People say that his classes are hard, and yes, I have had to read the Bible for about 6 hours every week (as if that's a bad thing). I wouldn't say his class is hard, but rather a little more demanding than the other non-bible major bible classes. However, the true characteristic of a class and professor is this; the amount of effort to amount of understanding gained ratio by the students. Some classes require hard work and yet implant little understanding into the students. Every bit of effort I have put in this class has produced results tenfold to my understanding and to the maturity of my faith. I thank God I was able to be in this class.

He used power points and personal stories in order for the material to be easier to understand.

Broke down the material and was very patient with the individuals in the classroom.

Dr. Cha was enthusiastic about sharing the word of God in a fresh way.

What specific recommendations do you have for the improvement of this course? Name some particular actions that the professor could take to improve learning in the class.

Nothing. The way they teach is good and they should continue teaching the way they do.

more clear reflection paper instructions

Keep doing what your doing!

He is a nice guy but he is hard to understand. Loose views of the bible and how it should be taught. I've never disliked taking a bible course till this one. I havnt learned much from it and wish I would have taken it from another teacher.

I have nothing to say that would really improve this class it was well done already.

The only thing i have against this class was that it was at 3! Sometimes he should get us more engaged rather than lecture if we are all looking drowsy. But he did a fantastic job at teaching the course
Maybe helping distinguishing the smaller books better; I just had trouble keeping them straight.
Nothing specific.
Allow students to view their grades throughout the semester.
None necessary.
None come to mind.
Nothing
I feel the material should be more spaced out instead of chunking many chapters together.
None
Keep it up!
