What did the professors do that made the course effective?

adequete explanation of important points

Presented thought provoking ideas in an understandable way

He had a fun voice to listen to.

Very nice and humble. Could not have asked for a better professor.

Was very interactive with the students.

He is very smart. He likes the old testament so it was nice to have that influence along with the spotlight and reading material.

Communicated well with the class.

He was a very good teacher and made the course more enjoyable

He brought us together and put his actual heart into it. He. Ace it feel like a home room and I know we all very much enjoyed him.
he talked to us about the spotlights and always guided us in the right direction.
Kept us very updated
He made cornerstone a great experience. He was also always there if we needed help.
took advantage of given technology.
He made it really fun.
He was energetic and kept us involved
What can the professors do that would make the course more effective?
Do more group work
Maybe adding new components like that play we had to go see. It was very educational.
Cannot think of anything.
Nothing
I'm not actually sure. I really enjoyed chas class and getting to know him and the kids in my class. The only thing that bothered me was that I was trying to pay attention and the others in my class were very disrespectful when dr. Cha was talking so it was hard to hear him. They were also disrespectful during the group presentations.
Make the grades assessable to the students, that way we can see our grade in the class.
Use time in class more wisely and give more helpful instrustions
Post the grades and update often
Not sure.
make the grading system a little easier to understand.
Na
I don't know.
He is perfect.
Nothing
