RE: Adams Center Faculty Enrichment Event Presentations and Leadership

Dr. Lynette Austin, Assistant Professor

Dear Lynette:

Since 1906, ACU's mission has been to educate students for Christian service and leadership throughout the world. We want to thank you for your effort in helping achieve that mission by participating in and leading Adams Center faculty enrichment events. Your contribution this past year of facilitating Specialization in Bilingualism/Bilingual Service Delivery in Speech Language Pathology played an important part in moving this university toward being a premier university for the education of Christ-centered, global leaders.

It is through your contribution and continued willingness to share various learning skills, thoughts, and experiences with fellow faculty members that we move forward. We are looking forward to a new year with exciting new sessions on teaching and learning, diversity, educational technology, and much more. Please let us know additional ways in which we can support your efforts in the classroom and across campus. If you have any session ideas or would like to speak on a particular topic, please let us know how we can assist you in that endeavor.

Sincerely,

Dr. Dwayne Harapnuik, Director of Faculty Enrichment
