Library Colleagues,

I'm writing to share the news of a number of transitions in our library's leadership.

Beginning June 1, Mac Ice will begin in a new tenure-track faculty position as Director of Special Collections and Archives at ACU, succeeding Dr. Carisse Berryhill, who has served both as Associate Dean of Archives and Collections since 2017, and before that (2011-17) as Associate Dean for Digital Initiatives, Special Collections, and University Archives. Dr. Berryhill will continue in a tenured faculty position as Special Collections Librarian.

At the same time, administrative oversight of Library Technical Services will return to Dr. Mark McCallon, continuing in his role as Assistant Dean of Library Information Services. Shan Martinez will continue as Director of Technical Services, which will now also include leadership of User Services (Interlibrary Loan and Circulation), which have in the past reported to Karen Hendrick in her role as Head of Public Services. As you know, Karen is retiring from her position at the end of next month.

We look forward to honoring Karen and Carisse's contributions at celebratory events in May. Please join me in expressing gratitude for their service.

Kind regards,

John
