- Loved this class and the professor was helpful, understanding, and I learned a ton. I was thankful for the flexibility as someone who works most days 8-5, and it helped me learn more at my own pace. Great class, great professor, and I'll definitely recommend it to others!
 - Dr. Burton truly cared about her students regardless that it was an online class. She was always very helpful in clarifying assignments and very available to answer questions. She was the best professor I've had for an online class!
