Course Number CHEM 423 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

The attached proposal to revise CHEM 323 was approved by councils in 2009-10. Changes included moving the course number to 423 and increasing the credit hours from one to three. These changes were made partially to address the need for the capstone requirements. When this course is taught as revised for the first time in fall 2013, it will include all of the capstone requirements approved by faculty.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

♦ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

‡ Program or course changes applying to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

* All graduate degree plan changes must go through the Graduate Council.

** Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and corequisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

Note: The Board of Trustees is informed when a major or degree is added or discontinued.
