A = Approval I = Information

Course number: **DSGN 343** or Degree Plan(s) _____
 State the requested change and reason (a memo may be attached if more space is necessary):

Request to change course number, title, description and prerequisites for DSGN 343: Interior Design III. Current course description: Creative and technical problem solving relative to a variety of residential or commercial interiors. Application of codes and standards, programming, specifications, working drawings, space planning, and three-dimensional drawing. Computer aided drafting lab format. Co-Requisite DSGN 349. Spring.

Revised course number, name, description and co-/prerequisites:

DSGN 302: Intermediate Interior Design II – Creative and technical problem solving relative to a variety of residential or commercial interiors. Application of codes and standards, programming, specifications, working drawings, space planning, and three-dimensional drawing. Prerequisites: DSGN 301: Intermediate Interior Design I, Co-requisite: DSGN 352: Building Systems or Professor Approval.

Course content is not changing. This is part of a group of changes intended to provide clarity and consistency to the DSGN course sequence through standardized numbering and naming conventions. The revised course description simply omits "Computer aided drafting lab format." The prerequisite DSGN 301 is added to ensure students follow the appropriate design studio sequence.

Circle the number that corresponds to the requested change. (degree plan changes on other side)

♥ Supplement - A set of *required* courses in a degree program that are outside the university core, the degree core, and the required courses in the major field. Supplement courses are not elective in nature, and ordinarily do not include "menu" options (that is, a series of courses from which the student selects one or more).

♣ The university minimum for elective hours is 6.
