---	--	--

2	Justification State the justification for adding this course to the current curriculum. Represent the need	Nursing students require an understanding of pathophysiology of adults/children as a foundation for assessment, understanding of pharmacology/diagnostics, and for safe nursing clinical reasoning and practice.
---	---	--

III. Course Design

1. Audience and Course Goal

1	Describe the intended audience, including prerequisite skills.	Sophomore pre-nursing with 3.0 GPA
2	State the overarching course goal(s) in performance terms.	This course provides the foundation for nursing assessment and the application of nursing science in safe and effective practice in the exploration of pathophysiology of adults and children.

2. Competencies and Measurements

Course Competencies

Cognitive Competency Statements	Measurement Instruments	Performance Indicators or Criteria
The student retains basic concepts of pathophysiology, body systems and diseases.	Quizzes, exams, concept maps, case studies	Exam, quiz, and written assignment averages greater than or equal to 80/100.
The student recognizes common clinical manifestations of pathophysiology.	Quizzes, exams, concept maps, case studies	Exam, quiz, and written assignment averages greater than or equal to 80/100.
Psychomotor Competency Statements		
The student identifies important observational elements of focused assessment of patients' underlying pathophysiology.	Quizzes, exams, concept maps, case studies	Exam, quiz, and written assignment averages greater than or equal to 80/100.

2. For **combined undergraduate/graduate** courses, make two lists:
 - a. full publication information; label **Undergraduate**.
 - b. full publication information; label **Graduate**. Indicate number of pages required.

IV. Supporting Documentation

Supporting documents must accompany proposal prior to preliminary approval by chair and dean.

1	Library — Submit new course application and syllabus to the Director of the Library. Consult with the director and establish a deadline for completion of the library report. Attach the signed copy of the library director's report.
2	Instructional Design — The application and syllabus must be reviewed by the Adams Center. Attach a copy of the Adams Center Review Letter.
3	Degree Plan — The impact of the course must be reviewed by the Director of Curriculum. Attach degree plan signed by the Director of Curriculum.
4	Content Overlap — Include one document for each course you listed in Section I-I. Attach statement from instructor/dept chair of existing course justifying the new offering.
5	Departmental Resources — List the resources that support the course and are available only through the department, if applicable. Attach the list of the holdings and the location/s.
6	Resources — List resources (other than library or departmental resources) that are needed to support this course (computers, lab equipment, other technology, etc.). Attach a complete list of all items and indicate possible sources or estimated cost of each. List the sources of any needed funds.
7	Expenses — List additional expenses needed to implement this course (full-time or part-time faculty, graduate or lab assistants, student employees, travel, special student costs, room renovation, storage facility, etc.). Attach a complete list of all items, the estimated cost of each and the source of the funds.
8	Justification — Attach all documents referred to in Section II-2
9	Syllabus — Attach the syllabus for the course based upon the anticipated first-semester offering.
10	Provide documentation for all additional attachments here

V. Preliminary Approvals

All supporting documentation has been assembled and attached to this application. I believe this course is ready to be presented to appropriate councils. We have a plan to fund this new course.
