♦ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

‡ Program or course changes applying to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

* All graduate degree plan changes must go through the Graduate Council.

** Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and corequisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

Note: The Board of Trustees is informed when a major or degree is added or discontinued.

Mike, I made a couple small changes and highlighted those in yellow. When I search for the ACU Catalog online, a page comes up and it is basically an index for the catalog. Far down on that index Minors are listed. http://www.acu.edu/catalog/2012_13/index.html I don't know why only a few minors are shown on the index list, but it is missing all of those offered through our dept. and I suspect many others across campus. This is misleading. Perhaps that can be updated to include: "art, graphic design, interior design" immediately if asking the correct person, or some other appropriate editing of the short list can result?

We also need the following corrected in Course Descriptions sections for the 2013-2014 Catalog:

DSGN 102 Introduction to Interior Design (2-4-3), ~~fall~~, spring. Exploration and application of interior design theory and design process techniques using problem solving methodology with emphasis on human needs, values, context, and resources. Creative application of design principles for planning and furnishing interior environments.

DSGN 251 Construction I: Materials and Methods (3-1-3), ~~fall~~, ~~spring~~. Introduction to building construction materials, methods and structures, as well as building envelope performance and sustainability considerations.
