Course Number MATH 109 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

See attached sheet.

The pre-physical therapy and pre-occupational therapy tracks require students to enroll in MATH 124 or 185. For many of these students, they have to begin in MATH 109. MATH 109 is currently restricted to "students whose majors require precalculus Mathematics or higher. We request the pre-physical therapy and pre-occupational therapy majors be added to this list.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

* Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

**Courses offered only to students seeking teacher certification must go through the Teacher Education Council.

Note: When an academic unit does not have a council, the UGEC and/or UUAC will serve as its academic council, depending on the nature of the issue.

10.	Degree — Add or discontinue	A	A	A		A				A	A	A
11.	Any change to a graduate degree program*	A	A	A		A				A	--	A

♦ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

‡ Program or course changes applying to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

* All graduate degree plan changes must go through the Graduate Council.

** Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and corequisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

Note: The Board of Trustees is informed when a major or degree is added or discontinued.

Curriculum Changes
Department of Mathematics
October 14, 2013

Current

MATH 109 Precalculus I (3-0-3), fall, spring. Properties, graphs, and applications of linear functions, quadratic functions, logarithmic functions, exponential functions. Prerequisite: meet one of the following - MATH SAT score of 500; MATH ACT score of 20; MATW 019; or COMPASS placement into MATH 109. May be taken only by students whose majors require precalculus mathematics or higher (animal science, biology, chemistry, computer science, environmental science, mathematics, physics, or engineering majors). A student may not receive credit for this course after receiving credit for MATH 124, 131, 185 or 186.

Proposed

MATH 109 Precalculus I (3-0-3), fall, spring. Properties, graphs, and applications of linear functions, quadratic functions, logarithmic functions, exponential functions. Prerequisite: meet one of the following - MATH SAT score of 500; MATH ACT score of 20; MATW 019; or COMPASS placement into MATH 109. May be taken only by students whose majors require precalculus mathematics or higher (animal science, biology, chemistry, computer science, environmental science, mathematics, physics, engineering majors, **pre-occupational therapy, or pre-physical therapy**). A student may not receive credit for this course after receiving credit for MATH 124, 131, 185 or 186.

Rationale:

The pre-physical therapy and pre-occupational therapy tracks require students to enroll in MATH 124 or MATH 185. For many of these students, they have to begin in MATH 109. MATH 109 is currently restricted to "students whose majors require precalculus mathematics or higher (animal science, biology, chemistry, computer science, environmental science, mathematics, physics, or engineering majors)."

We request the pre-physical therapy and pre-occupational therapy (KNPT, KNOT, EXPT, and EXOT) majors be added to this list.
