Course Number MATH 123 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

I See attached sheet.

We are requesting to retitle MATH 123 from Introduction to Probability and Statistics to Elementary Statistics and to change the course description. These changes do not change the content in the course. We are requesting the course description change to provide a more detailed list of major topics covered in the course.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

♦ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

‡ Program or course changes applying to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

* All graduate degree plan changes must go through the Graduate Council.

** Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and corequisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

Note: The Board of Trustees is informed when a major or degree is added or discontinued.

Curriculum Changes
Department of Mathematics
October 14, 2013

Current

MATH 123 Introduction to Probability and Statistics (3-0-3), fall, spring.

Introductory survey of probability including discrete probability and common probability models. Includes techniques for describing, exploring and comparing data and basic estimation procedures. Prerequisite: meet one of the following - MATH SAT score of 500; MATH ACT score of 20; MATW 019; or COMPASS placement into MATH 123. Will satisfy University Requirements mathematics requirement.

Proposed

MATH 123 Elementary Statistics (3-0-3), fall, spring. Collection, presentation, analysis and interpretation of data, and probability. Analysis includes descriptive statistics, confidence intervals, hypothesis testing, correlation and regression.

Prerequisite: meet one of the following - MATH SAT score of 500; MATH ACT score of 20; MATW 019; or COMPASS placement into MATH 123. Will satisfy University Requirements mathematics requirement.

Rationale:

We are requesting to retitle MATH 123 to be Elementary Statistics and to change the course description.

These changes do not change the content in the course. We are requesting the course title change to have our course title more aligned with other universities. And we are requesting the course description change to provide a more detailed list of major topics covered in the course.
