Course Number **JMC 351** or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

The course name will change from Electronic Publishing to Web Publishing, which is a more modern description of the goals and content of the course.

The only change to the course description is updating the phrase "electronic publishing" to "web publishing." The new course description will read, "A conceptual and practical study of the principles and tools of Web publishing."

One course objective changes from "use information sources on the Internet" to "demonstrate effective use of current Web publishing tools and language." The other course objectives remain unchanged. The department no longer needs to focus on issues of Web literacy given the digital environment to which students are accustomed, and the focus of the class has shifted to students' production capabilities.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.
