Course Number MATH 397 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

Students in MATH 397 (and MATH 497 which follows this course) are required to make multiple presentations in class. Students who have completed their university general education communication requirement have the needed background to prepare presentations and tend to do better.

We are proposing adding COMM 211 as a prerequisite or completion of university general education communication requirements as a prerequisite to this course. We also are proposing to drop the CS 115 or CS 120 requirement. Programming ability is not needed for this course.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.

MATH 397 Mathematics Seminar (2-0-2), spring. Students use mathematical literature, software and technology to improve their problem-solving, writing, and presentation skills. Results are presented in both written and oral form. Prerequisites: ~~CS 115 or CS 120 and~~ MATH 227 and COMM 211.

DH 9/7/2015 8:27 AM

Comment [1]: Add completion of university general education communication requirement. The course (and MATH 497 which follows it) requires the students to make multiple presentations in class.
