3.	Policies governing academic probation and suspension	--	--	--	A			A	A	A
4.	Requirements for graduating with honors	--	--	--	A			A	A	A
5.	Other academic policy changes	--	--	--	A			A	--	A

¹ Councils may request additional information about “Information” items. These items are approved as “Consent Agenda.”

² The Dean and Department should respond to the Provost’s recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU’s University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and “not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession” (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that “general requirements for graduation” means the enumerated items in the “General Requirements for Bachelor’s Degrees” section of the catalog.

MATH 130

We propose to update the prerequisites for the course. The SAT has changed and on the new test a score of 530 is comparable to a score of 500 on the old SAT.

MATH 130 Finite Math for Applications (3-0-3), fall, spring. Fundamental concepts of mathematics applications for business, economics, and the social and behavioral sciences. Math of finance, sets, introduction to probability, functions and mathematical modeling. Prerequisite: Meet one of the following - MATH SAT (prior to March 1, 2016) score of 500; MATH SAT (after March 1, 2016) score of 530; MATH ACT score of 20; or math placement testing into MATH 123. Will satisfy University Requirements. For COBA, information technology, and agribusiness majors only. Will satisfy University Requirements. Same as MATW 130.

We also have a change that we propose to make for the 2020–21 catalog. This change is to update the prerequisites for the course. By fall of 2020, few students should have old SAT scores so we propose dropping the two different SAT prerequisites and have only the new SAT requirement.

MATH 130 Finite Math for Applications (3-0-3), fall, spring. Fundamental concepts of mathematics applications for business, economics, and the social and behavioral sciences. Math of finance, sets, introduction to probability, functions and mathematical modeling. Prerequisite: Meet one of the following - ~~MATH SAT (prior to March 1, 2016) score of 500~~; MATH SAT (after March 1, 2016) score of 530; MATH ACT score of 20; or math placement testing into MATH 123. Will satisfy University Requirements. For COBA, information technology, and agribusiness majors only. Will satisfy University Requirements. Same as MATW 130.
