

MATH 237 and MATH 238

We are requesting that the program restrictions to MATH 237 and MATH 238 be updated to include MSLA, MSSS, and SPEL. In 2015-16, the degree plans for MSLA, MSSS, and SPEL were updated to require MATH 237 and 238. This proposal is to update our courses to match catalog requirements.

Currently MATH 237 and MATH 238 have the following program restrictions:

For IDSC and MSMA majors only.

We are requesting that the program restrictions be changed to the following:

For IDSC, **MSLA**, ~~and~~ MSMA, **MSSS**, and **SPEL** majors only.
