State the requested change and reason. A memo may be attached if more space is necessary.

This course has been taught twice as a Special Topics course. Many of our majors express an interest in working as Child Life Specialists after graduation and this is a course necessary for that career path. The syllabus has been strengthened and new SLOs have been added, some of which have been developed with a focus on Child Life. Additionally, this year's Visiting Committee focused on Child Life and we offer the course with their recommendations in mind. Please see the syllabus for more information.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.

Dear Dr. Brooks,
Thank you for submitting FAM325: Child Life. I have reviewed it based on the ACU Syllabus Guidelines and found it to be meeting all the requirements except that instructor information is missing. Please add it when it becomes available. Other than this, the syllabus communicates course information and expectations very clearly.

I am attaching a checklist I used for your reference only. There is no need to bring your syllabus back for further review. However, please note that this letter is used during the review process as a reference. It is not meant to be final approval. Others in the review process may have recommendations too.

If you have any questions, please feel free to let me know. Please also let the instructional design team know if we can be of any help in the design and facilitation of this course.

Mission of Abilene Christian University

The mission of Abilene Christian University is to educate students for Christian service and leadership throughout the world. The mission of the Department of Marriage and Family Studies is to equip students to strengthen family relationships and solve personal and relational problems through child and family services or therapeutic interventions, while cultivating Christian leadership and character in each student. The undergraduate program in Family Studies achieves this mission by:

- Emphasizing the formation of healthy relationships and the promotion of optimal human development;
- Examining current research and theory regarding the normal issues with which individuals and families must contend as they grow and evolve;
- Creating opportunities for students to design, implement, and evaluate family life education programs;
- Providing diverse practicum experiences that prepare students for future employment.

Courses are designed to provide the knowledge and skills needed for employment in family service careers, the establishment of Christian homes, and for graduate study.

Mission of the College of Biblical Studies

The College of Biblical Studies exists for the purpose of educating students for Christian leadership throughout the world. From this central purpose of training Christian leaders, two emphases emerge: (1) training ministers of the Gospel of Christ and (2) training students who will become active church leaders and servants in the Lord's Kingdom.

The study of the Bible as God's Word is at the heart of the curriculum of Abilene Christian University and is the reason for the existence of the university. An education without a

knowledge of the spiritual dimension is sadly lacking, since only the information and strength derived from the Word of God can furnish the world view, meaning, and purpose so necessary to the happy and useful life.

Course Description: An introduction to the theory and practice of the Child Life profession. Students will gain a working knowledge of the following: scope of practice, impact of the health care experience in patients and families, therapeutic play, procedural preparation, family centered care and the Child Life Documents.

Intended Audience: The course is intended for CFS majors who wish to pursue certification as Child Life Specialists following graduation.

DEPARTMENT OF MARRIAGE AND FAMILY STUDIES MISSION STATEMENT

The mission of the Department of Marriage and Family Studies is to equip students to strengthen family relationships and solve personal and relational problems through child and family services or therapeutic intervention while cultivating Christian leadership and character in each student.

The undergraduate program in Family Studies accomplishes this mission through:

- emphasizing the formation of healthy relationships and the promotion of optimal human development;
- examining current research and theory regarding the normal issues with which individuals and families must contend as they grow and evolve;
- creating opportunities for students to design, implement, and evaluate family life education programs; and
- providing diverse practicum experiences that prepare students for future employment.

- Assignments – 30%
- Midterm Project - 30%
- Final Project – 30%

Grading Criteria:

- A – 90-100
- B – 80-89
- C – 70-79
- D – 65-69
- F – 0-64

Participation & Attendance

You and I share the responsibility of achieving your learning goals. Although I will assume the role of integrator and facilitator, I expect that you will come to class having read all assigned materials and prepared to engage in class activities and discussion, which is the backbone of the success of this course. Participation will be measured by in-class assignments such as quizzes, role-plays, writing, and other activities. Review the assignment descriptions to determine if excused absences are accepted in this course. If excused absences are accepted in this course valid excuses include:

- University sponsored activities approved by the professor prior to the missed day
- Professional or academic activities such as conference attendance
- Illness of the student or immediate family member
- Death of a family member

Assignments:

Assignment 1: Child Life Professional Timeline – Create a timeline of the development of the child life profession. Include dates, persons of interest, geographic locations etc...

Assignment 2: Developmental Chart – Create a chart outlining each developmental stage, hospital stressors and appropriate child life interventions.

Assignment 3: Personal Thoughts on Death and Dying – After completion of readings, reflect on your personal thoughts on death and dying. These may include past experiences, your opinion on working with this population of patients, concerns etc...

Mid Term Project:

Working in assigned teams, choose one of the following projects and present to the class.

- Create a game to be used for use in the medical setting. Please include developmental age range, therapeutic properties, and optimal setting for use.
- Create a preparation kit to be used for teaching. Please include medical procedure and developmental guidelines for use.

Final Project: Develop a study guide for the Child Life Professional Certification Exam. Make sure to include relevant information from all six main topic areas: Scope of Practice, Child Life Documents, Impact of Illness and Injury on Patients and Families, Therapeutic Play and Preparation.

Course Policies and Procedures

APA Style

All writing in this class should follow *The Publication Manual of the American Psychological Association, 6th edition*, with the exception that you are not required to write abstracts for your papers. A portion of the available points for each written assignment is devoted to correct style, grammar, proofreading, organization, and presentation. I urge every student to buy a copy of the APA publication manual. For tutorials about APA style, visit:

<http://www.apastyle.org/learn/tutorials/basics-tutorial.aspx>
<https://owl.english.purdue.edu/owl/section/2/10/>

Academic Dishonesty

Academic dishonesty is any act that is intended to produce an academic assessment that is not commensurate with an individual's performance, or any act that is intended to unfairly assist or hinder an individual's academic efforts (e.g., plagiarism, receiving help on quizzes, etc.) Any action that involves plagiarism or other dishonest acts (see

<http://www.acu.edu/legacy/academics/provost/policies/academic-integrity.html> for a fuller discussion) will result in a grade of zero on the assignment, will be reported to the department Chair, and may result in disciplinary action by the University including possible dismissal. If the student has questions regarding academic dishonesty, it is vital to ask early.

Late Assignments, Make-Up Exams, & Extra Credit

Penalty for late assignments is a 10% reduction in the assignment grade, plus 10% off per additional calendar day late. Assignments are considered late immediately after the due date & time listed on the course Canvas site.

Make up exams, if available, will only be offered for excused absences. Absence from class, whether excused or not, does not excuse the student from assignment due dates.

Extra credit will not be available in this course. If your grade is not at the level you would like, please talk with me as soon as possible to discuss ways in which you might improve your performance in the course.

Students with Disabilities

If you have a documented disability and wish to discuss academic accommodations, please feel free to contact me. The ACU Student Disability Services Office (a part of Alpha Academic Services) facilitates disability accommodations in cooperation with instructors. In order to receive accommodations, you must be registered with Disability Services, and you must complete a specific request for each class in which you need accommodations. Call extension 2667 for an appointment with the Director of Disability Services.

Use of Technology/E-Communication

Laptops and tablets are allowed in class solely for use with notes and class activities. They are not to be used for any other purpose. Any other use will result in the loss of privilege of further use for the semester and might result in a reduced grade. Please silence your cell phones and pagers during class time. I will make every effort to respond to your emails within 48 hours. Please do not send text messages to me with questions about class assignments.

Recording Lectures

In this class, students may make audio or video recordings of course activity unless specifically prohibited by the faculty member or instructor. However, the redistribution of audio or video recordings of statements or comments from the course to individuals who are not students in the course is prohibited without the express permission of the faculty member or instructor and of any students who are recorded.

Content Warning, Respect, & Civility

We will discuss some issues that are very personal and about which some people have strong values. I am sure you will disagree with me and with other students during the semester about issues of values or opinion. I am committed to creating a learning environment characterized by safety, respect and civility. Safety means that my classroom is a safe place to discuss topics that

might be disturbing or frightening; it does not mean those topics won't be discussed. Respect means that I acknowledge your capacity to form your own values and opinions; it does not mean that I will always agree with you. Civility means that all students, and the instructor, are free to express their views in a supportive environment. Personal attacks or rude communications will not be tolerated and may result in a lower grade and further academic discipline.
