Course Number HED Selection or Degree Plan(s) KSRM concentration

State the requested change and reason. A memo may be attached if more space is necessary.

Current: HED Selection is required in the KSRM degree plan

Proposed: Remove the HED Selection from the KSRM degree plan. Add ECON 261 Principles of Microeconomics to the KSRM degree plan.

Rationale: Removing the HED Selection provides room for adding ECON 261. This will provide more business-related material in the KSRM degree. An impetus of not teaching the HED courses stems from a reduction in available faculty for HED courses.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

* Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

** In most cases, approval by only one council is necessary.

Note: When an academic unit does not have a council, the UGEC and/or UUAC will serve as its academic council, depending on the nature of the issue.

Subject: econ

To: "Odies Wright Jr." <olw00a@acu.edu>

Hi Odies.

Just got in and got your voicemail. Sorry you had to work so hard to track me down yesterday; my next contract will specify that I get paid PER MEETING and with a few days like yesterday I'll be rich enough to retire....

Short answer: we are happy to have your students in either or both of our ECON classes. We have plenty of capacity and they get picked up by students who need a humanities credit.

Slightly longer answer: our staffing for Econ is in an odd spot. Ian Shepherd is now entirely teaching MBA. We replaced him with another economist, which gets us back up to 2, but Jozell is likely close to retirement in the next 5 years. This will put us back at one and I suspect we will just have to go with 1 for a while, as these folks are hard to find. Really hard. For your students that might mean some constraints on scheduling, but I can't imagine we will ever get out of teaching Econ as it's pretty basic to business. So now you know as much as I do, which is less than I would like to.

We look forward to having more of your students joining us for some classes. I've had several and they are great kids.

Mark
