¹ Councils may request additional information about “Information” items. These items are approved as “Consent Agenda.”

² The Dean and Department should respond to the Provost’s recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU’s University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and “not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession” (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that “general requirements for graduation” means the enumerated items in the “General Requirements for Bachelor’s Degrees” section of the catalog.

MATW 019 Rationale

We are requesting changing MATW 019 from a 2-credit hour course (0,3,2) to a 3-credit hour course (0,3,3) course. (That is, we want to change MATW 019 to 0 hours per week of lecture, 3 hours per week of laboratory, and 3 semester credit hours.)

This course is our developmental mathematics course and is computer based. Students are expected to have at least 120 hours of work in the online system during the semester. We believe that this workload is sufficient to increase the number of credit hours to 3.

When the course was originally proposed, the course met for two hours of laboratory each week and had two semester hours credit. We quickly learned that two hours of laboratory per week was insufficient, and we increased the course to three hours of laboratory per week.

We have communicated with Centralized Advising and they are in favor of this proposal as it will make it easier to create student schedules because this course will have the same number of hours as most other courses and so students will be able to enroll in 12 hours per semester more easily.

To: David Hendricks <hendricksd@acu.edu>

Good morning, Dr. Hendricks. You'd have support from Advising to make this move to 3 hours. It would help immensely in getting students to full-time status; also, if they're in the class for three hours, we support giving students credit for that.

If there's another way I can relay Advising's support of this that would be of help to you, please don't hesitate to let me know. Thank you for looping me in.

Have a good day!
