Course Number _____ or Degree Plan(s) B.S. in Nutrition, NDPD concentration

State the requested change and reason. A memo may be attached if more space is necessary.

Current: In the information for Kinesiology and Nutrition section of the 2017-2018 catalog and under "Nutrition (BS)," there is a section for "Didactic Program in Dietetics concentration (NDPD)." In that section, there is the following narrative: "A GPA of 3.2 is required for entrance into and for remaining in the DPD. Graduates of the DPD are prepared to enter dietetic internships, after which they may sit for the Registration Examination for Dietitians. Registered Dietitians may find employment in healthcare facilities, community and public health nutrition programs, other government entities, private practice, school nutrition programs, sports nutrition and corporate wellness programs, university education, research, sales, marketing, restaurant management, and food companies." The graduation GPA is stated as 3.2.

Proposed: Change the referenced section of the catalog to the following narrative: "A cumulative GPA of 2.8 is required for entrance into and for remaining in the DPD.

Students who are eligible to apply to Dietetic Internships

Students applying to Dietetic Internships are required to have a cumulative GPA of 3.2 upon graduation. Verification Statements will be presented to these students immediately after graduation. Those who have a cumulative 3.2 GPA are prepared to enter Dietetic Internships, after which they may sit for the Registration Examination for Dietitians. The DPD Director monitors GPAs and provides Verification Statements.

Students who can apply to take the Registration Examination for Dietetic Technicians

Students who graduate with a cumulative GPA of at least 2.8 and less than 3.2 may apply to take the Dietetic Technician Registered examination.

Registered Dietitians Nutritionists (RDN) and Dietetic Technicians Registered may find employment in healthcare facilities, community and public health nutrition programs, other government entities, private practice (if RDN), school nutrition programs, sports nutrition and corporate wellness programs, education, research, sales, marketing, restaurant management, and food companies." The graduation GPA should be stated as 2.8.

Rationale: Students who have a GPA of 2.8 and have completed the DPD requirements will be qualified to sit for the Dietetic Technician Registered examination. This is an alternative career path for those who have completed the DPD requirements but are not competitive for Dietetic Internships.

* Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

** In most cases, approval by only one council is necessary.

Note: When an academic unit does not have a council, the UGEC and/or UUAC will serve as its academic council, depending on the nature of the issue.
