Course Number ENGR 210 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

Changes: There will now be no prerequisites for this course, and ENGR 211 will no longer be a corequisite for this course

Rationale: The course material is fundamental to digital electronics design, but the lab (ENGR 211) would better serve students as a stand-alone elective that is decoupled from the lecture. The prior prerequisite of ENGR 135/136 was put in place to give students the necessary understanding of basic electric circuits concepts to prepare for and understand the lab activities, which were also to be discussed in lecture. Since the lab will no longer be a corequisite for this course, ENGR 135/136 as a prerequisite is no longer necessary.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.
