¹ Councils may request additional information about “Information” items. These items are approved as “Consent Agenda.”

² The Dean and Department should respond to the Provost’s recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU’s University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and “not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession” (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that “general requirements for graduation” means the enumerated items in the “General Requirements for Bachelor’s Degrees” section of the catalog.

Itemized Explanation of Changes to BFA Concentration in Graphic Design

See attached spreadsheet for illustration of degree changes.

Change BFA-1

This is a housekeeping item: We have been teaching a painting course on our study abroad trip for many years that we substitute for Painting 1. This involved a subform for each student. Last year we took that course through academic council. Now we need to change the degree plans to reflect this course.

Change BFA-2

Another housekeeping item: Our BS Graphic Design degree has offered the photography requirement as a menu for many years. We are currently changing our BFA to match the BS degree. This will provide needed flexibility in the advising process.

Change BFA-3

We are wanting to remove these two illustration classes as requirements in order to require the new courses that are much more central and critical for the development of graphic design skills. Of course these two courses may still be taken by students and would fulfill 6 of the 9 required studio electives. Please refer to the “Explanations and Summary of Changes” page for detailed rationale of new courses.

Change BFA-4

This is a simple course name and number change. By adding Interactive Design II to our curriculum, the current Interactive Design course name and number need to change. We are requesting “ART 457: Interactive Design” be changed to “ART 358: Interactive Design I”.

Even though the course will move from a 400 level to a 300 level, the course content will not change. This sounds unusual but the content for interactive design is completely new within the graphic design curriculum even though it utilizes the design skills learned in prior courses. Expectations when grading design skills will be reduced slightly. For example, a junior graphic design student will be less sophisticated in working with color than a senior. That level of sophistication will be taken into account when assigning grades due to the course level change.

NOTE: *Because this is a course title and number change it will have it's own approval chart.*

About Scheduling

We have worked closely with both academic advisors on these changes and we currently have cohorts working through this sequence without a problem.
