Course Number KINE 311 and 399 or Degree Plan(s) KGEN

State the requested change and reason. A memo may be attached if more space is necessary.

Current: KINE 311 Motor Behavior is required for the KGEN degree plan.

Proposed: Delete KINE 311 as a requirement for the KGEN degree plan and add KINE 399 Research Methods in Kinesiology and Nutrition as a requirement to the KGEN degree plan.

Rationale: This change is appropriate because KINE 399 has been approved as a writing intensive course. KINE 399 should be a required course for the KGEN degree plan in place of KINE 311 (which is currently designated as the writing intensive course).

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

Hi Karen,

Below is the string of emails in which Cole Bennett approved KINE 399 as the WAC course. Yes, the writing-intensive designation should be taken off of KINE 311.

Thanks,

Sheila

Thanks Cole. Yes, and we can specify that in the syllabus.

Do you want me to resubmit that to you?

Sheila, this looks great, with one area of clarification: I can easily understand a lit review being at least 750 words, but do you feel most will stay within 1000 words? It's not a big deal if they go somewhat farther than that, but we once had someone submitting 10-page samples, and we had to adjust some of the expectations in that faculty member's class (as you can imagine). So, do you feel that 750-1000 words is where these assignments will generally fall?

Thank you.

Hi Cole,

Attached is the Application for a Writing Intensive Course and the syllabus for KINE 399 that we are proposing for that.
