Course Number MATH 463 / PHYS 463 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

We are requesting that MATH 463 (Partial Differential Equations) and PHYS 463 (Math of Physics and Engineering) be changed to a spring (every year) course. (MATH 463 and PHYS 463 are cross-listed courses.

In the department's attempt to be hyper-efficient, we moved MATH 463 to be a spring, even year course several years ago. PHYS 463 is listed as a spring, odd year course.

The problem with this is that this course has a significant number of prerequisite courses. The listed prerequisites for MATH 463 are MATH 286 (Calculus III) and MATH 361 (Differential Equations). Both of these courses have MATH 186 (Calculus II) as a prerequisite. To get to Calculus II, students must complete the the precalculus/calculus courses in sequence to get to MATH 186. For some students, this could be MATH 109 (Precalculus I), MATH 124 (Precalculus II), and MATH 185 (Calculus I). In addition, this MATH 463 serves as a prerequisite for PHYS 491 (Quantum Mechanics). By offering this course, once every two years, students may not be able to complete their major in four years.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.
