Course Number _____ or Degree Plan(s) Pre-Athletic Training Integrated (KATP)

State the requested change and reason. A memo may be attached if more space is necessary.

We would like to remove CHEM 111 from the KATP degree plan requirement because it is no longer going to be offered every semester. It will only be offered in Fall of odd years. We would also like to remove CHEM 131/133 from the option menu. General Chemistry Lecture and Lab are not often utilized from this menu.

Current degree plan requirement: CHEM option of CHEM 131 and 133, or CHEM 111 and 113

Proposed degree plan requirement: CHEM 113.

Note: Removal of the 1-hour lab requirement will move 1 credit hour into electives. This will change elective hours in the degree plan from 0 hours to 1 hour.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.
