Course Number CSD/GERO 479 or Degree Plan(s) _____

State the requested change and reason. A memo may be attached if more space is necessary.

There are two changes that need to be made to the crosslisted course GERO/CSD 479.

The first change is to the title. The course is currently titled "Programs & Services for the Elderly" and the new title being proposed is "Programs & Services for Older Adults" the term "elderly" is seen as outdated and is no longer used, the 7th edition of the Publication Manual of the APA requests that authors use the term "older adult" as the terms "aged," "elder(s)," "(the) elderly," and "seniors" connote discriminatory and negative stereotypes.

The second change proposed is to expand the course description and make it more complete.

The current description is:

Health care delivery system, aging networks, delivery of care, communication disorders in the elderly.

Proposed description:

A survey of the health care delivery system, the aging networks, delivery of care, and communication disorders in the older adult population. The goal of this course is to develop an understanding of the obstacles and needs facing an older adult while learning of the network of current resources available to this population. This course is designed for students interested in service and ministry with the older adult population.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2:7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.

Good afternoon; I'm writing this note in support of the proposed changes to the course: GERO/CSD 479-Programs and Services for the Elderly. I am aware that both the name of the course and the description will be modified, and I approve. The name change reflects current usage/terminology in the CSD field, and the course description accurately reflects the updated content of the course.

Please let me know if any additional information is required.

regards,

Nothing major needed. A simple e-mail acknowledgment will work, saying you approve the proposal.
