Course Number _____ or Degree Plan(s) SEE BELOW BS MASC

State the requested change and reason. A memo may be attached if more space is necessary.

Request that all the degree plan changes, pursuant to the passing of MATH 101, be taken as one voting item. The rationale for this request are included below.

The degree plans in question are:

- BA Pure Mathematics – (BA MATH – PURE)
- BA Applied Mathematics – (BA MATH-APMA)
- BS Mathematics – (BS MATH)
- BS Mathematics, Actuarial Science (BS MATH-MASC)
- BS Mathematics for Grades 7-12 Teacher Certification (BS MATT)

Each of these degree plans is subject to change under the addition of the proposed course MATH 101 – Introduction to the Math Major. The changes each degree plan is subject to are uniform: 2 hours will be taken from each degree to make room for the 2 hours needed to offer MATH 101. MATH 101 is included in the core mathematics requirements for each degree. Every degree will maintain at least 8 hours of electives post change.

Circle the number that corresponds to the requested change. Degree plan changes are on the second page.

¹ Councils may request additional information about "Information" items. These items are approved as "Consent Agenda."

² The Dean and Department should respond to the Provost's recommendation to close a program in writing. Advise & Respond (R) requires that the voting body should receive the written responses at least one week prior to the vote.

³ All courses that meet University Requirements for general education must go through UGEC. Courses or degrees offered only to students seeking teacher certification must go through the Teacher Education Council. All undergraduate changes must go before the UUAC. All graduate degree plan changes must go through the Graduate Council.

⁴ A minimum of 30 hours is required for a major. A maximum is specified for each degree (e.g., BA, BS). The university minimum for elective hours is 6, unless the requirements of external accrediting bodies make it impossible.

⁵ Program or course changes that apply to any major that includes Teacher Certification will be reviewed by the college, the Teacher Education Council (TEC), and then the UUAC.

⁶ Courses that satisfy ACU's University Requirements (General Education) will normally have lower-level numbering, be free of prerequisites and co-requisites, appeal to more than one or two majors, and "not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession" (SACS 2.7.3). Departments may request exceptions to the first three criteria.

⁷ The UUAC approved the clarification that "general requirements for graduation" means the enumerated items in the "General Requirements for Bachelor's Degrees" section of the catalog.
