to Jim, Jonathan

Hi, Jim.

I wanted to let you know that all of your degree plan changes were approved. However, the council decided to table the closing of AENV 110 until they could hear about your teach-out plan for any students who might still need AENV 110 for their degree plan (under current or older catalogs).

to me

Karen,
We have 8 students who have not yet taken AENV 110. Our plan is for them to take AENV 101 and AENV 201 as a substitute. I cannot add a section of AENV 110 to anyone's load.

to Jim

Thanks, Jim.

One question that did arise during our discussion is what will happen with the extra hour. Since AENV 101 and 201 are both 1-hour classes and the AENV 110 requirement is for 3 hours things get a little complicated with the sub. Is it your intention to waive the last hour?

to me

Karen,
Yes, that is our intention.
