Course Number: ANSC 497

or Degree Plan(s):

Short description: We propose to add ANSC 111-General Animal Science as a prerequisite to the course. ANSC 111 is the foundational course for the ANSC major. As presently structured, the upper level ANSC courses build on material taught in ANSC 111. ANSC 497 is the capstone course for animal science students, and should be the last ANSC course they take. Currently the only prerequisite for the course is senior standing.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g., BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
