

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: ENGR 334 or Degree Plan(s):

ENGR 334 - Heat and Mass Transfer

Was: Prereq - ENGR 281, MATH 361. Coreq - ENGR 333

New: Prereq - ENGR 333

Rationale: While there is some overlap in subject matter between ENGR 334 (Heat and Mass Transfer) and ENGR 281 (Thermodynamics), they are more parallel concepts, rather than a logical sequence. The concepts covered in ENGR 333 (Fluid Mechanics) are actually much more relevant, especially in the discussion of convective heat transfer. Requiring ENGR 333 also handles the math requirements well.

30.	Comprehensive revision of General Education Requirements	-	-	-	-	A	A	A	A	I

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the “provost-proposed” routing on the chart.
