

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: ENGR 322 **or Degree Plan(s):**

ENGR 322 - Advanced Dynamics

Was: Prereq - ENGR 221 and MATH 361

New: Prereq - ENGR 221 or ENGR 222 and (MATH 286 or MATH 361)

Rationale: Students should have a Dynamics course prior to Advanced Dynamics. We want to include students who have taken either stand-alone Dynamics (ENGR 222) or the combined Statics and Dynamics course (ENGR 221). Ideally, the course would require both MATH 286 and MATH 361, but this can be too restrictive for students that need MATH 124 (Pre-calc II) as freshmen. Require one or the other indicates to students that the course is math-heavy, without prohibiting students from taking the course.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the “provost-proposed” routing on the chart.
