Course Number: PSYC 233

or Degree Plan(s):

We are requesting that BIOL 101 be removed as the prerequisite for PSYC 233. Currently, our majors are struggling to get into BIOL 101 (due to seat limitations) causing a delay in taking PSYC 233, which affects moving through the degree plan in a timely manner. Students who have been enrolled in PSYC 233 without BIOL 101 have been successful, so the department has determined that this prerequisite is not necessary.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
