Degree Plan: Digital Entertainment Technology, Virtual Production (DET-VP)

Requested change & reason

- Remove (DET 350 or ITC 499) from core major requirements
- Reduce core major requirements hours to 30 (from 33), reflecting (DET 350/ITC 499) change
- Remove note about repeating DET 350
- Move DET 320 "Advanced 3D Modeling" into first concentration menu (currently 9 hours)
- Move DET 330 "3D Animation" from concentration menu to concentration requirement
- Add (DET 465 "Virtual Production Studio" or ITC 499) to concentration requirements
- Increase concentration menu (DET 230, DET 255, DET 315, *etc*) to 12 hours (from 9)
- Reduce concentration menu (CS 200-499, DET 200-499, IT 300-499, *etc*) to 9 hours (from 12)
- Insert "ITC 200-499" into 9-hour (formerly 12-hour) concentration menu
- Increase concentration hours to 30 (from 27), because six hours added & three removed

Details of these changes are also reflected in the accompanying degree plan specification. These changes reflect the addition of new courses (DET 465) and some shifts in discipline practices.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
