

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: _____ **or Degree Plan(s):** **Didactic Program in Dietetics (NDPD)**

Please add KINE 302 Medical Terminology to the NDPD track of the B.S. in Nutrition degree. It is currently being taught in a course that is rigorous. This information might be better retained through a course focused on just Medical Terminology.

Please add 1 hour of Interprofessional Education (IPE) to the NDPD. The College of Health and Behavioral Sciences is committed to teaching IPE in the health and allied health fields so that professions may know how to work together for the benefit of patients and clients.

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
