

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

MATH 287 has not been taught in 20+ years and has no future intentions of being taught. We are prepared to close this course as we have a similar course MATH 187 which is required for our majors. 287 was meant to be a more advanced version dealing with Calculus III topics, but as we look to modernize our curriculum it's likely we will be going in a different direction than what 287 offers.

MATH 287 - Projects in Calculus

Lecture Hours: 0
 Lab Hours: 3
 Credit Hours: 1
 Terms Offered: Fall

Project laboratory consisting of calculus projects most of which will be done using a computer algebra system or other applicable software. Prerequisite: Credit in, or simultaneous enrollment in, [MATH 286](#).

Course Number: MATH 287 - Projects in Calculus

or Degree Plan(s):

30.	Comprehensive revision of General Education Requirements	–	–	–	–	A	A	A	A	I

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
