

## Abilene Approval Chart for Curriculum Changes

A = Approve      I = Information Item      R = Respond In Writing

**Course Number): ENGR -> CIVE, MECH, ECEN                      or Degree Plan(s):**

The following courses should have their prefixes changed. The current course prefixes are on the left, while the new course prefixes are on the right.

In each case, we are taking courses that are specific to an engineering discipline and moving them into that discipline. In cases where courses are required for multiple disciplines, we leave them with an ENGR prefix.

| Original Course | New Course(s)                                    |
|-----------------|--------------------------------------------------|
| ENGR 210        | ECEN 210                                         |
| ENGR 321        | MECH 321                                         |

#### Notes

<sup>2</sup> Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

<sup>3</sup> For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

<sup>4</sup> When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
