Course Number: ENVR 354

or Degree Plan(s):

Change prerequisites. Currently, ENVR 354: Range Science requires both ENVR 350: Range Ecology, and ENVR 345: Range and Wildland Plants, as prerequisites. The course has been modified such that neither course is a required prerequisite. The modifications also make it more useful to Livestock Production majors. Keeping the current prerequisites would make it very difficult for Livestock Production majors to take this course.

Recommendation: Change prerequisite to Junior standing.
